Dear Sir:

Under the provisions of the Freedom of Information Act, 5 U.S.C. 552, I am making a request for the following document or documents, as well as any others related to the information recorded therein:

The report, relevant portions of the report, or results, of the testing performed by CUBRC now known as Avarint (a CUBRC Company), 11701 Watson Road, Springville, NY, on the AP4C chemical agent detector manufactured by Proengin, SA. This testing took place at the direction and request of U.S. EPA's ORD/National Homeland Security Research Center, 109 T.W. Alexander Drive, Research Triangle Park, NC., between the dates of November 2008 and April 2009. The EPA contact for the testing was Dr. Shannon Serre.

We are willing to pay reasonable fees for the copying of the documents, either electronic or paper, relevant to our request, although we believe that the number of pages that will need to be produced in response to this request is very small; therefore, we ask that fees be waived.

If you have any questions, please call me at (703) 879-8476, or email me at degrazia@ghsadvisors.com. Thank you for your assistance.

Regards,

Bruce deGrazia
President
